### *Coin, Currency & Collectibles Show Exhibiting*

If you have interest in exhibiting at the show this year, we would love your application. ### *Coin Show Volunteer Sign-up*

The 2018 volunteer sign-up form for two hours of greeting guests to the show will be available for signatures at this Society meeting and then again at the Coin Club's April meeting. ## **GLEANINGS April 2018**

First, a reminder that the volunteers from the Society and Club are critical to the success of the coin Show (**Colorado Springs Coin, Currency and Collectibles Show**). Set up, take down and the Welcome Table (**Wed 6/23/18 – Sat 6/23/18**), depend on you volunteering. If your name isn't on the signup sheets yet find a time on there and fill it. The revenue that the clubs receive from the show allows us to keep our dues ridiculously low. Volunteers who give at least 4 hours qualify for the volunteer prizes awarded at the Society and Club meetings. And don't forget that this show is fun to be at. See you there.

Did you see this in the Gazette on 3/31/2018? It was in the Back Pages column on the last page of section A: "IN 1943 -New zinc-coated pennies issued by Uncle Sam have appeared in Colorado Springs. Lighter in weight and "silver" in color, the new pennies are the same size and design as the copper pennies. The Secret Service in Denver said they had received numerous calls about the new coin, some believing they had received bad money. The pennies were minted in Denver and it was authorized to save copper for war industries."

I had a similar experience using the gold colored small size dollars, both Sacagawea and Presidential. I offered 10 of them to pay for a purchase at a local store recently. The clerk said, "I have to check to make sure we can take these," and commented that he had never seen one before. Fortunately, the

store manager had and they were accepted as legal tender. Other times eyes widen and a smile appears and the recipient exclaims, "I haven't seen one of these for years."

Either case is an opportunity to practice one of the purposes of this society, as expressed in our Articles of Incorporation dated March 13, 1986: to "provide educational lectures, discussions and other information on the amateur hobby of coin collecting."

For example, if it is a Sacagawea Dollar, share that they are produced to celebrate the important contributions made by Indian tribes and individual Native Americans. Or, if it's a Presidential Dollar, mention that the series was produced to honor our presidents and ended last year. You can even comment that a manganese alloy gives them their gold color.

But stop before their eyes glaze over. Not everyone is as enthralled by numismatics as we are. That's what makes us special.

Dan, President

George Mountford, Society Secretary
